

Beyçelik Gestamp Theater Group Attracts Great Interest with Before the Ice Melts

Founded in 2017 with a team of company employees, the Beyçelik Gestamp Theater Group staged *Buzlar Çözülmeden* (Before the Ice Melts), a Turkish theater classic written by Cevat Fehmi Başkut, with a team consisting of first and second term trainees.

The play's premiere was held at the Tayyare Cultural Center. The audience, which completely filled the hall, gave the team a long standing ovation at the end of the play. Bahar Çelik Güzeldağ, Member of the Board of Directors of Beyçelik Holding, and Engin Meydan, General Manager of Beyçelik Gestamp, congratulated the actors and director individually and presented them with flowers.

Meydan said, "As a company, we always support sports and the arts. Today, we watched a very meaningful play here, and I congratulate my friends for putting on such a professional performance. I am confident that our theater club will make its mark in our city and, through festivals, throughout Turkey. I congratulate all the actors and everyone who worked behind the scenes."

The play, which premiered on February 17 at Nilüfer Stage, will be performed free of charge and open to the public throughout the season in Bursa and surrounding provinces.
